

SAFARI NJEMA NEWS FIRST FOR 2009

Dear Friends and Clients,

It's been a while since you last heard from us. I had a great trip to the USA in February/March and as always it was wonderful to visit with long standing clients who are now dear friends and my sincerest gratitude for those of you that hosted me in your homes. We had a booth at the SEWE Show in Charleston as well as the Dixie Deer Classic in Raleigh. It was a long trip, but well worth the time spent.

Our hunting season got off to a great start with a successful Elephant hunt here in South Africa. Regular hunter and valued client, Dr Jim Sink and his good friend Mr David Bell arrived on the 30th of May and we set off to the area near the Kruger National Park. The shot on the elephant was a brilliant side brain shot – a more perfect shot I haven't seen in a long time. The old bull was on his last set of teeth and basically starving himself. Dr Jim has now hunted 4 of the big 5 with only rhino left to tick off his list. It was David's first trip to Africa and he was delighted to take his first animal – an impala. Congratulations David, I hope you had a great time.

The 2009 schedule is nearly booked up but I have had a couple of cancellations which have resulted in once in a life time opportunities as deposits have been paid and anyone taking up the cancelled hunts will benefit from the cost saving. Let me know if you are interested and I will email you the info.

We are now offering safari's in Zimbabwe as the economic and financial situation has improved dramatically. Please see the specials that we are running at the moment. Also, a great opportunity in Tanzania.

Zimbabwe 2 x 1

	Area 1	Area 2
