

SAFARI NJEMA NEWS 2nd for 2012

Dear Friends and Clients,

Wow, another month is gone and we had a great time hunting with our old friends, Mr Gene Trotter and his son Gene Trotter Jnr and also with Mr Tom Tiller and his young cousin Bradley. This year they decided to do a little bit of bow hunting so we hunted our property in Zululand South Africa with them.

As bow hunting goes, we were completely relayed on the weather, which was not really in our favour while they were here. But none the less, we stuck it out, made a few game plans and at the end got some excellent trophies!! Tom got his ever elusive Red Duiker which he's been after for a good couple of years now, plus he shot it with his bow! Very impressive Mr Tiller, congratulations!! Also on this trip he took a gold medal Kudu as well as Waterbuck and a very beautiful Nyala!!

The boys, Bradley (17) and Gene (19), were having a blast hunting female Nyala and Impala!! Testing their own skills, (as well as that of our blood hound Sagila) on some long shots with the bow! Bradley took a Nyala with a very impressive 62 yard shot, and Gene Jnr shot his Impala at 55 yards! A lot of patience were tested between our youngsters and PH's Piet and Amanda, as none of us could sit still for more than a day in the blind... but as they say, "All good things comes to those who wait!"

Mr Gene Trotter Snr had a little bit of trouble with his neck and shoulder on the trip, but still got a Zebra and Nyala with his bow. We wish him all the best and hope the surgery went well on that shoulder. It is always a pleasure to hunt with good friends and we hope to see you all again in the near future!!

Tom with his "elusive" Red Duiker

"Patience is a virtue"

Gold medal Kudu, well done Tom!!

Gene and his Zebra, hope the shoulder is doing better!

Boy did work hard for this one!! Excellent trophy Tom!

Great Stalking on your Nyala Tom!

Well, we are off for another adventure in Tanzania with Dirk de Roos and Rich Buechsenschuetz!! Wonder what great stories Africa will give us this time to tell!!

Happy Hunting and Safari Njema!!
