AFRICAN
Hunting & Adventure Safaris

AFRICA Dear Friend, Fellow hunters & Adventurers

Over the last month we've had a couple of great Adventure Safari's with some wonderful people! First to arrive was miss Cari Thomas and miss Dana Bola from the USA, who are currently working on a project in Cape Town. They decided to take a short break off work and joined us on some Adventure in the Little Karoo area in the Western Cape Province of South Africa!

Upon arrival in George, we drove through to Calitzdorp where they were to stay for the next 3 nights. Early the next morning we left to go for a beautiful Game drive at scenic Botlierskop, nestled in the Outeniqua mountain range. We viewed Rhino, Zebra, Giraffe, Waterbuck, Blue Wildebeest, Bontebuck, Lions, Springbuck and even a baby Elephant! We ended the Game drive with a great lunch and then it was off to Oudtshoorn for some animal interactions! We went through tour at the Croc and Cheetah farm and was able to interact with some Cheetah cubs, Lemurs and Serval cats. We ended the day at a local winery with amazing wine and great conversations (which is how most our evenings turned out). The next day we were off to walk with lions! What an experience to be so close to these magnificent creatures and being able to take lots of pictures with them. We ended the day with a drive to Knysna to visit their Elephant Park. Once there, we got some veggie buckets and after a short briefing from the guide, we were out on a tractor and trailer ride to go feed the Elephants. Not only did we get to feed them, you also get the opportunity to touch them, interact with them and take lots of pictures with them.

Dana & Cari enjoyed their stay with us so much, that they sent another couple over to us shortly after their departure. Drew Reaves and miss Jackie Runge joined us a few week after, and were so excited from all the stories Dana had told them, that they ended up staying right in the centre of the mountains at gorgeous Botlierskop! Another few days of Adventure awaited them, as they wanted to experience everything Dana & Cari had told them. We added another little trip to Mosselbay so see the historic site where they keep Bartholomias Dias's ship that he arrived with at the Cape in the 1600's. Then it was right back on track with Game drives, Wildlife interactions, Feeding Elephants, petting Cheetahs and drinking lots of amazing South African wines and having great conversation! Lots of memories were shared and new friends made, which we already miss all of you so much! Thank you for booking your Adventures with us and for letting us share the African Experience with you! We greatly look forward to seeing you all again in future!
