

SAFARI NJEMA NEWS 4th FOR 2010

Dear Friends and Clients,

As the last safari of the year with good friend and client, Nathan Ingram from Magnolia Texas We had the most wonderful safari anyone could dream of.

Starting the safari on the first day Nathan took a very nice East African bush duiker with his 375H&H and later that afternoon this monster hippo with the same calibre rifle. Apart from the nice animals it also shows that the 375 H&H is probably one of the most versatile calibres to bring to Africa.

On the 5 day of the 21 day safari while hunting for buffalo we stumble upon a Pangolin. This accordingly to the trackers was "great luck" and they put money under his scales for their own luck. Well two hrs after the pangolin we shot two buffalo bulls and on the way back to camp Nathan shot a very nice Selous lion. Now who can disagree with the trackers?

Here are some pictures to enjoy of the last safari of 2010

East African Bush Duiker

Hippopotamus

Warthog

Common Waterbuck

Southern Impala

Nathan and the Pangolin

The first of the Buffalo Bulls

The 2nd of the Buffalo Bulls

Nathan and PH Piet with the Lion

Two buffalo and a lion on a Land Cruiser

320 yard shot on the Reedbeek with .30.06

The black and white Zebra

Nyasaland wildebeest

Nathan and DeWald with East African Bushbuck

Nathan and his dream Elephant

A proud hunter and Roosevelt Sable

Happy hunting and see you soon back in Africa!
